Want care without leaving home?

Virtual Visits

Available to UnitedHealthcare members

See and talk to a doctor via your computer, tablet or mobile phone anytime without an appointment. It's a convenient way to get care when your doctor isn't available, when you're traveling or when you need care after hours for symptoms associated with:

- Allergies
- Migraines
- Rashes
- Pink eye
- Sinus problems
- Urinary tract infections
- Mental health concerns, and more

Most visits take just 10–15 minutes. There's no copayment if you're enrolled in the Enhanced or Standard Health Plan. If you're enrolled in a High Deductible Health Plan, the cost is \$50 and you can use your health savings account (HSA) to pay.
